Celebrate National Cuba Day with Snarf's Cubano Sandwich

DENVER, CO. (July 10, 2018) – [Snarf's will celebrate their riff on the Cubano sandwich on July 26, National Cuba Day.](#) Their [Cubano Sandwich](#), offered for a limited time through September 2, is piled high with slow roasted pork that is ordered locally and prepared in house, smoked ham, Swiss cheese, pickles and mustard on their famous “crunchy on the outside, soft on the inside” bread.

The public is invited to join [Snarf's locations nationwide](#) on July 26 only to enjoy \$2 off the Cubano sandwich. The location at [Snarf's DU location](#) in Denver will feature a Cuban themed party complete with music, Cuban décor and fun for all. In August Snarf's will offer additional specials leading up to National Cuban Sandwich Day on August 23.

Snarf's Cuban sandwich was created by owner Jimmy Seidel, who creates every sandwich they offer. When he realized he couldn't find “the perfect sandwich” with the quality he was looking for, he decided to open the first Snarf's Sandwiches in Boulder in 1996. Now, more than two decades later, the family-owned business has grown to over 20 restaurants in Colorado, Chicago, St. Louis and Austin, Texas.

The Cubano sandwich presented an opportunity for a new challenge to create a masterpiece. Jimmy took the challenge, and the end result is pure magic, but only through September 2.

“We make the best sandwiches you've ever had,” Seidel says. “I am single-minded in my pursuit of the wow factor and diligent about quality.”

###

More about Snarf's

Snarf's award-winning sandwiches are made-to-order using only the finest ingredients including premium meats and cheeses, crisp veggies, their own blend of giardiniera peppers and homemade, oven-toasted bread available in white, wheat or gluten free. They also offer fresh salads with homemade dressings, phenomenal soups, kid-sized subs, vegetarian options, desserts and a full catering menu.
